

Bold design. Exceptional quality. Powerful features.

Executone combines superb acoustic quality with outstanding aesthetics in its latest family of telephones. These new phones blend flexibility with technology to adapt to any business communications situation. With choices to suit every user and powerful features built in to each model, these telephones can help you communicate better than you ever thought possible.

Telephones

Easy to use. Effortless to communicate.

The oversized dial keys, high-visibility labels and bright indicators make these telephones easy and efficient to use. And, they offer simplified access to all the telephone system features: You can conference, transfer or forward calls at the touch of a button with Executone's Intelligent SoftKeys™ feature. Use the programmable fixed keys to simplify how you communicate.

Versatile. Rugged. Functional.

Here are some of the features incorporated into the elegant and functional design:

- Display panels that swivel for easy reading
- Large, "feel good" dial pad
- Handset that combines outstanding acoustics with comfort and balance
- Optional full duplex speakerphone with DSP technology
- Outstanding reliability based on Surface Mount Technology (SMI)
- Headset and hearing aid compatibility · Rugged construction
- Wall mountable
- Choice of black or gray color
